Premier Dental Anesthesiology News

With nearly 300 completed cases, Premier Dental Anesthesiology ends this year, our first full year in business, in fact, with a bang! December has proven to be our busiest month yet with January filling quickly.

It has been a fun year getting to know the staff in all of the dental offices. And, we have been thanked time and time again for our services by their patients. Just last week we heard this from West Country Pediatric Dentistry,

"You guys are always on time. The Doctor and the nurse anesthetist are so friendly and work really well with our patients. You all provide a very needed service!"

Comments like these are always good to hear and actually encourage us to work harder and find new ways how we can better help you. We have come up with a few ideas and we will share them with you after the new year.

We hope you have a very safe and happy holiday season and look forward to serving you in the new year.

If you are interested in seeing our team in action during a dental procedure please call for a free DVD.
