Premier Dental Anesthesiology News

Right on Track

Joyfully, we are knocking on the door of our 500th case! This actually keeps us right on track for the year and a TON of thank-yous to all of our participating practices! Building Premier Dental Anesthesiology has been nothing short of a labor of love as we see every day the impact our service has on your patients through their relief and happiness. Recently, we received a letter from a dentist whose office we visit somewhat regularly (and we anesthetized his granddaughter!):

“I wanted to take this opportunity to personally thank you for the personal care that you provided for my granddaughter’s dental anesthesia. Dr. Chris and Phil did a wonderful job and went out of their way to make sure it was a comfortable experience for all of us. You provide all our anesthesia patients a great service.”

New to Premier?

If you are new to Premier Dental Anesthesiology and are just starting to market this new service to your patients, we understand it may be difficult to stack many anesthesia cases in one day. If you only have one or two to start, give us a call and we will gladly work with you.

I told my dentist my teeth are going yellow. He told me to wear a brown tie.
-Rodney Dangerfield
