Do you have our DVD yet? If not, give a call and we'll get it right out to you!

Premier Dental Anesthesiology News

FIND US ON THE STANDS

If you have picked up the October issue of *Saint Louis Magazine*, you may have run across our full-page editorial advertisement. We answer the much sought after answer to: **“Sedation dentistry and sleep dentistry – how safe is it...really?”** This ad is also on our website under “NEWS”.

Many of you have requested the DVD of the two pediatric cases that is enclosed with our materials. I am now happy to announce that you can now watch that footage on our new website: **[www.Premier Dental Anesthesiology.net](http://www.PremierDentalAnesthesiology.net)**. Additionally, we have shot new video of an adult case performed in West County. Please call for a copy.

Another milestone...

We are well on track to complete our 1000th successful case by year’s end! From a quick third molar extraction to a full mouth restoration, we can help you ease your patient’s anxiety. And, please remember, if you have a child of the age 4 or under, Missouri Law states that their medical insurance must pay for our service.

*“For there was never yet a philosopher that could endure the toothache patiently”
-William Shakespeare*
